

GW IMMEDIATE & PRIMARY CARE

at The GW Medical Faculty Associates

2350 Washington PI NE
Suite 110N
Washington, DC 20018

July 23, 2019

Dear Patient:

I am writing to inform you that I will depart GW Immediate & Primary Care at The GW Medical Faculty Associates on July 26, 2019. I am relocating to California with my family.

To ensure seamless continuation of your care, I am pleased to announce that **Dr. Luis Dominguez, Dr. Andrea Anderson, and Dr. Dennis Espejo** will provide primary care services at our Rhode Island Ave. location.

Dr. Dominguez has been with GW MFA for over a year and is board certified in internal medicine. Dr. Anderson is a GWU assistant professor and has extensive experience in community medicine in the DC area as a family medicine physician. Dr. Espejo is a family medicine physician and will join our practice August 1st. These physicians are accepting new patients.

The GW Medical Faculty Associates is delighted you have entrusted their providers with your healthcare needs and look forward to you continuing your relationship with GW Immediate & Primary Care. However, if you choose to seek care elsewhere, you may request a copy of your records by completing the **Authorization to Release Protected Health Information form** found on: gwdocs.com/medical-records.

Please feel free to contact GW Immediate & Primary Care with any questions or to schedule an appointment at **(202) 544-7580** or visit www.gwdocs.com/ipc for more information on all locations and providers or to book an appointment online. For convenient immediate care, we also accept walk-in patients at all of our locations.

Thank you for choosing GW Immediate & Primary Care at The GW Medical Faculty Associates. It has been a pleasure providing you with excellent patient care.

Sincerely,

James Yang
